Subject: follow up on 5/23 letter to Chesapeake

Hi Ramona,

I spoke with Stephanie today at 3:45 pm. She received your message regarding our letter of 5/23/12.

Stephanie is checking with her folks on whether our report that we will self insure satisfies Chesapeake. She committed to get back to us by the end of the week.

I explained that we need their response on this issue before we will begin the work to get the geophysics and other site characterization work done. I confirmed that we will pay and arrange for the geophysics work.

Stephanie understands our position regarding not guaranteeing text for the final report on the issue of non-horizontal monitoring wells.

Stephanie feels that there is sufficient time to undertake all the preliminary work and still meet Chesapeake's schedules.

Let me know if you have any questions. Stephanie is not expecting a call back from Ramona at this point.

Jeanne
